

# ECE Weekly

Ed. 11.25.15

The Ohio State University Department of Electrical and Computer Engineering

## Çatalyürek named IEEE Fellow

For his multi-talented research efforts, ECE professor, **Umit Çatalyürek**, was named the newest IEEE Fellow now educating students at The Ohio State University. Help us congratulate him on this honor. Find the full story at: <http://go.osu.edu/u-catalyurek>

## Coming Soon

- Learn how one ECE professor is teaming up with another university on a \$2.4 million National Science Foundation wireless tech research program.
- Next story in our ECE Presidential Fellowship Series.

## ECE student finalists in Hackathon

It was a memorable 24-hour mad rush to the end, as engineering students from across Ohio and the Midwest designed software to solve real-world problems at the 2015 OHI/O Hackathon. We celebrate our own ECE students who made it among the Top 10 finalists.

Find my full story Team: Buckeye Current and Team: Schedule 4.

Story here: <http://go.osu.edu/oh-io>

I also made a video from my visit during Sunday's showcase session.

Find that here: <http://go.osu.edu/oh-io-vid>

## ECE Presidential Fellowship Series: Michael Wood

ElectroScience Lab PhD student **Michael Wood** is gaining deserved attention after winning the Autumn 2015 Ohio State Graduate School's Presidential Fellowship for his integrated photonics research as part of **Dr. Ron Reano's** team. Wood also won the 2015 Emil Wolf Outstanding Student Paper Competition. Find my full story: <http://go.osu.edu/wood>

## Save the date

The IEEE Undergraduate Winter banquet happens Jan. 30. Learn how to get involved from my interview with **Mary Scherer**: <http://go.osu.edu/IEEE-OSU>
